Librae

## December 2023

Dear reader, welcome to our third newsletter! The year 2023 comes to an end and we would like to take a moment to revisit the events we held in the second half of 2023 and remind you of our upcoming events in 2024! Enjoy reading and thanks for your support!

### Dinner 6

On November 23, Dinner 6 was held at Hotel New York in Rotterdam, which brought together over 50 female STEM students and 19 diverse female role models. The evening included inspiring presentations from three role models, offering invaluable insights from their career journeys. The event fostered meaningful connections and facilitated the exchange of experiences, leaving all involved with a truly enriching experience!

### Mentorship Programme 7

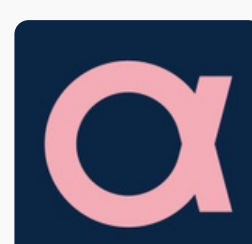

MP7 kicked off at Maven Securities. The mentees dived into the world of trading, gaining valuable insights from the Maven Securities team.

Our first training session featured a former mentee and EU student ambassador, accompanied by a TU Delft alumni from the European Investment Bank. Following them, two former mentees shared their journey from student life to work, highlighting the importance of the mentorship program.

During Training 2, a Senior Researcher from ASML discussed her experience navigating STEM careers as an international woman, emphasizing opportunities at ASML for STEM graduates.

Next year training 3 is going to take place at Apolix on January 11, followed by the closing drinks on February 13!

### Our partners

## Introducing Librae team 23/24

Chairperson -  
Donna Bouman

Partnerships -  
Daniela de Haseth

Events and programme -  
Punitha Devaraja

Events and Programme -  
Karlijn Borremans

Content Manager -  
Alena Shcheglova

We wish you a Merry Christmas and a Happy New Year! Thanks for participating in Librae events in 2023 and we hope to see you in 2024!

### Upcoming events

11/01

Training 3 of MP7

13/02
